PITCHER & MANDA

(Incorporated)

United States Nurseries

SHORT HILLS, NEW JERSEY

To the Trade.

WITH BEST wishes for the New Year to the florists' trade, we submit the following trade quotations on our superior stock of Plants, Seeds and Bulbs, which are in every case of the highest grade to be found on the market.

The business outlook for the New Year is indeed encouraging, our files being already loaded with orders for spring shipment; and the indications are that the trade in florists' stock the present year will fully compensate for the recent general business depression.

As in the past, we will endeavor to serve customers with clean healthy Plants, Seeds of the latest crop and highest vitality, and Bulbs true to name, up to measurement, and procured from the most reliable growers. Our unequaled facilities in the way of large modern greenhouses, perfect in every detail; extensive herbaceous grounds, seed warehouses, bulb cellars, and old and experienced growers, practical in every branch of the business, make it possible for us to guarantee satisfaction with every order shipped.

TERMS:

(This list cancels all previous quotations.)

All orders from unknown correspondents must be accompanied by remittance or satisfactory reference. Otherwise, goods will only be sent C. O. D.

No perishable goods are sent C. O. D., unless a sufficient remittance accompanies the order to guarantee acceptance on arrival.

Remittances should be made by Post-Office or Express Money Order, Bank Draft on New York, or Money in Registered Letter. Checks on local or inland banks often necessitate delay, and are subject to a small charge for collection.

Orders are solicited at as early a date as possible, that we may have ample time for their execution. **Please write plainly name, post-office, express office, and any other necessary information as to the best method of forwarding.**

Prices are quoted subject to short crops, to change without notice, and to the goods being unsold upon receipt of order. We would advise florists to place their orders early. All imported and domestic bulbs that we offer are direct from the most reliable growers, and can be depended upon as being first-class in every respect. **25 bulbs or plants furnished at 100 rate, 250 at 1,000 rate.**

Complaints, if any, must be made within **five days after receipt of goods**, to receive recognition.

No charge is made for cases or packing, or for delivery to freight and express depots.

Our pots are all "standard" sizes, and measurements of height of plants are from the top of the pot.

PITCHER & MANDA, (Inc.)

Short Hills, N. J.

THE whole leaf-surface is beautifully variegated, the prevailing iridescent tints of peacock-blue deepening and varying with the light that falls upon them. The vigor and endurance of the plant are remarkable; it stands the sun well, and its culture is quite easy.

AS a bright new effective plant for bedding, window-culture and conservatory decoration, *Strobilanthes dyerianus* has created a great sensation everywhere, winning Certificates and Medals wherever exhibited. Our stock is perhaps the largest and finest in the country.

STROBILANTHES DYERIANUS.

A young plant, photographed in color direct from nature to show the indescribable color and luster of the leaves.

Made direct from Nature
by Colorotype Company, New York,
for PITCHER & MANDA.

PRITCHARDIA (LICUALA) GRANDIS. (See page 2.)

Decorative Plants.

ALL PLANTS ARE MEASURED FROM TOP OF POT.

PALMS.

Nothing in the florist's line of Decorative Plants is more important than the Palm, the sale being constant and at all times profitable. Our stock of these plants, it is well-known, is second to none in America, and our prices are right, as will be found by comparison. Our Palms always give satisfaction, because being grown in a low temperature, they are particularly sturdy and hardy, making them much more useful for house culture than if grown in greater heat. We mention below the varieties and sizes most in demand for florists' trade. Prices on other varieties, as well as on specimen plants, will be furnished on application.

ARECA LUTESCENS.

FERNS.

Nothing is more important for florists' use than a good collection of Ferns. They are always in demand, and are indispensable for bouquet work, their beautiful foliage, which has no equal, lending effect wherever used. Our extensive stock is in the finest possible condition. Below are mentioned the varieties we recommend for general use. Prices on other varieties, and on specimen plants; also any other information relative to Ferns will be cheerfully furnished on application.

ADIANTUM FARLEYENSE.

ADIANTUM FARLEYENSE.

We are large growers of this most beautiful of known Ferns, and devote two large houses entirely to their culture.

	Per 100

ALSOPHILA AUSTRALIS.

4 and 5-inch pots. 35 and 50 cts. each.

MICROLEPIA HIRTA CRISTATA.

3-inch pots, \$1.50 per doz., \$10 per 100.

NEPHROLEPIS EXALTATA PLUMOSA.

A new and valuable decorative Fern, introduced for the first time by us last year.

3-inch pots, 35 cts. each, \$4 per doz.
4-inch pots, 50 cts. each, \$5 per doz.
5-inch pots, 75 cts. each, \$7.50 per doz.

PTERIS TREMULA SMITHIANA.

A new and very crested form of *Pteris tremula*, possessing the same vigorous habit as the type, but more dwarf.

Very strong plants, from 3-inch pots, 30 cts., each, \$3 per doz.; 4-inch pots, \$4.50 per doz.; 6-inch, \$6 per doz.

PTERIS TREMULA SMITHIANA Densa.

Dwarfer than the preceding, and of a very dense habit. Strong plants, out of 3-inch pots, 50 cts. each, \$5 per doz.; 4-inch pots, 75 cts. each, \$7.50 per doz.

SELAGINELLAS.

We carry a varied and exceedingly choice stock of this important plant, which will be found very useful to the florist for filling jardinières, etc.

The following varieties, mixed, in 3-inch pots at \$1 per doz., \$8 per 100:

Selaginella Brownii,	Selaginella gracilis,
S. Cæsia,	S. Lageriana,
S. Cæsia arborea,	S. Martensii,
S. denticulata aurea,	S. Martensii varieg'a.
S. Emiliana,	S. viticulosa,
S. flabellata,	S. Pitcheriana,
	S. Rubella.

A GROUP OF MIXED FERNS.

ANANASSA SATIVA VARIEGATA.

Nice plants, \$1.50 to \$2 each; large specimens, price on application.

BROMELIADS.

Billbergia Moreliana. Extra strong plants, 75 cts. each; \$7.50 per doz.

Caraguata lingulata splendens. One of the best of the Bromeliads. \$9 per doz.

Vriesia splendens. One of the best and most decorative of Bromeliads. We have extra fine and strong plants at \$1.25 each; \$12 per doz.

CISSUS.

Cissus discolor. The well-known and exceedingly handsome greenhouse climber, the leaves of which, bright velvety green, mottled with white on the upper surface, make it a conspicuous object. 3-inch pots, \$1.50 per doz.

C. albo-nitens. 3-inch pots, \$2 per doz.

*Croton.***CROTONS.**

We recommend the following varieties, which will be found the best for general use. Extra large and strong plants: *Andreanum*, *angustifolium*, *aucubæ-folium*, *Baron James Rothschild*, *Charlotte Rothschild*, *Disraeli*, *elegans punctata*, *Hookerii*, *interruptum*, *Mrs. Darwin*, *pictum*, *Princess of Wales*, *Queen Victoria*, *Rodekeanum*, *variegatum*, *Veitchii*, *viridis*, *volutum*, *Weismannii*, *Youngii*.

Collection of Crotons, our selection, extra strong plants in 4-inch pots, \$2.75 per doz, \$20 per 100; 5-inch pots, \$4.00 per doz., \$35.00 per 100.

CURMERIA WALLISII.

Fine plants, in 3 and 4-inch pots, 75 cts. each.

CYCAS REVOLUTA.

Our stock of this, the ever popular Sago Palm, is indeed a fine one, consisting of thoroughly established, well-grown and healthy plants, with straight stems and well-formed heads of clean, perfect leaves. Nothing is better for decorative purposes. We have them in all sizes, at from \$3.50 to \$15 each and up. Full descriptions of specimen plants sent on application.

*Cycas revoluta.***DRACÆNAS.**

Dracæna Anerleyense. 6-inch pots, \$2 each.

D. bella. 6-inch pots, \$9 per doz.

D. Chas. Dissel. 5-inch pots, \$2 each.

PHORMIUM TENAX.

4-inch pots, 50 cts. each, \$6 per doz.

PHYLLOTÆNIUM LINDENI.

Beautiful foliage, variegated with white and green; makes a prettier effect in jardinières and window boxes, than most hardy ferns. 3-inch pots, \$3 per doz.; 4-inch pots, \$4 per doz.

PITTIOSPORUM EUGENOIDES VARIEGATUM.

A handsome variegated-leaved shrub. The leaves are pale green, bordered and blotched with white. 35 cts. each, \$3.50 per doz.

ROHDEAS.

Rohdea Japonica. Fine plants, in 5-inch pots, 60 cts. each.

R. Japonica variegata. Fine, healthy plants, in 5-inch pots, 75 cts. each.

SANCHEZIA NOBILIS.

Nice plants, 3-inch pots, 20 cts. ea., \$2 per doz.

STENANDRIUM LINDENII.

The leaves of this handsome plant are broad and of a dark green color, while the veins and a region on either side are of a clear yellow.

Fine plants in 3-inch pots, \$6 per doz.

STROBILANTHES DYERIANUS.

STROBILANTHES DYERIANUS.

Wherever exhibited the past year, this unique plant attracted universal attention, and created quite a sensation throughout the trade. Having a robust constitution it stands our summers to perfection, propagates quickly, and is as easily grown as Coleus. For bedding out this beautiful plant cannot be surpassed, while it is invaluable for pot-culture. The whole plant, while being beautifully variegated, has a pea-cock blue luster, producing an effect at once surprising and pleasing to the eye. We know of no other plant of recent introduction that presents such a charming appearance on the lawn or border, and no live florist will fail to secure a stock for spring orders. Strong plants, in 3-inch pots, \$2.50 per doz., \$15 per 100.

TRADESCANTIAS.

Tradescantia Reginae. A beautiful plant, with leaves striped with green and purplish rose. Awarded a *first-class certificate* at the Florists' Convention at Atlantic City, N. J., August last. Fine plants, in 3-inch pots, \$12 per doz.

T. elongata. An elegant plant, with distinctly marked foliage. 3-inch pots, \$3 per doz.

YUCCA GUATEMALENSIS.

A tall-growing species, with white flowers, borne in a dense panicle. Exceedingly rare in cultivation. 5-inch pots, \$3 per doz.

Flowering Greenhouse Plants.

ABUTILONS.

Golden Fleece. Flowers yellow, of immense size, and produced in great profusion almost the entire year. 3-inch pots, 10 cts. each, \$1 per doz.; 5-in. pots, 20 cts. each, \$2 per doz.

Belsham. 3-inch pots, 10 cts. each, \$1 per doz.

Souvenir de Bonn. An improved variety, with leaves beautifully variegated on the outer edge. Strong plants from 3-inch pots, 10 cts. each, \$1 per doz.

Boule de Neige. 3-inch pots, 10 cts. each, \$1 per doz.

ACACIAS.

Acacia Drummondii. 5-inch pots, \$1 each.

AGAPANTHUS UMBELLATUS VARIEGATUS.

4-inch pots, 25 cts. each, \$2.50 per doz.

ALLAMANDAS.

Allamanda nobilis. 4-inch pots, \$2 per doz., \$15 per 100.

A. Williamsii. 4-inch pots, 50 cts. each, \$5 per doz.

ANTHEMIS CORONARIA.

3-inch pots, 10 cts. each, \$1 per doz.

AZALEA INDICA.

We have in stock some fine specimens of Azalea Indica, suitable for exhibition purposes, prices and descriptions of which will be furnished on application.

AZALEA INDICA.

NEW PURE-WHITE CARYSANTHEMUM, J. H. TROY.

New Chrysanthemums.

OUR OWN SET.

The following set of seven extra choice varieties are all of sterling merit, possessing all the qualities constituting a first-class Chrysanthemum for florists' use, having fine, large flowers on good, stiff stems, with foliage well up to the flower.

J. H. TROY.

Very early white incurving Japanese of fine form, good size and substance; first-class shipper. Ready for cutting Oct. 5 to 9. Flowers lasted on stems in fine condition six weeks. Certificate National Chrysanthemum Society of America, New York.

J. E. LAGER.

Very early yellow, reflexed Japanese of good size, color and substance. Foliage and stem good; fine shipper. Ready for cutting Oct. 5 to 9. Flowers lasted on stems in fine condition six weeks. Certificate National Chrysanthemum Society of America, New York.

W. B. DINSMORE.

Japanese incurved, golden yellow. Flowers well built and very attractive. Strong stem, with good foliage and great substance. Grand for shipping. One of our best.

MRS. W. A. BRYANT.

Fine chrome-yellow; magnificent flower; mid-season. Broad petals, strong grower. Awarded first prize at Boston.

F. L. ATKINS.

Mid-season. Japanese reflexed, large pearly white flowers, having broad, long petals, forming a perfect ball. Vigorous grower; strong stem, furnished with foliage up to the flower. A grand flower and good shipper.

MRS. HENRY ROBINSON.

A perfect form of the Queen of England type, of exceptional merit; large and well finished. An early white, blooming with us Oct. 5. Fine substance, and very lasting.

MISS GEORGIANA PITCHER.

Yellow variety, that will make a reputation for itself. Foliage and stem A 1; dwarf habit, flower incurved, good size, fine color, of great substance. A magnificent variety.

Price, 50 cts. each, \$5 per doz., \$35 per 100, \$250 per 1,000. March 1, 1895, delivery.

BROOKLYN, N. Y., November 24, 1894.

Your Chrysanthemums sent us last spring have given great satisfaction. They have been admired by all who have seen them, especially Pitcher & Manda and Miss Florence Pullman.

JAMES WEIR, JR., & SON.

FRENCH CANNA FLOWERS.

ARISTOLOCHIAS.

Useful climbing plants, with large, handsome foliage and curious, often monstrous, flowers.

Aristolochia elegans. 3-inch pots, \$2 per doz., \$15 per 100.

A. grandiflora. The Duck Plant. The flowers are as large as a duck, and resemble one in shape. 4-inch pots, 75 cts. each, \$7.50 per doz.

A. gigantea. A new species, and lacking the disagreeable odor common to so many species. The flowers are creamy yellow, spotted with purple. 4-inch pots, 75 cts. each, \$7.50 per doz.

A. ornithocephala. The flowers have "the head of a hawk, the beak of a heron and the wattles of a Spanish fowl." 4-inch pots, 50 cts. each, \$5 per doz.

BOUGAINVILLEAS.

Grand climbing plants, producing bright colored flowers in great profusion for many months.

B. splendens. Clear pink, very free-flowering. 3-inch pots, 25 cts. each, \$2.50 per doz.

**THE BEST NEW CANNA,
F. L. HARRIS.**

Introduced by us last year, and by far the best Canna in all respects on the market to-day. With its broad, massive leaves of glaucous green, large and showy flower-spikes and broad-petaled flowers of bright blood-red, growing 3 to 4 feet high, it makes one of the most striking bedders yet introduced. \$7.50 per doz., \$50 per 100.

RUSSELLIA JUNCEA.

Makes a fine pot or basket plant; bright red flowers in racemes; excellent for retail trade. Fine plants, in 6-inch pots, 20 cts. each, \$2 per doz.

SCUTELLARIA MOCINIANA.

An elegant shrubby plant, bearing showy scarlet flowers 2 inches long in large terminal spikes. Blooms in late winter, and is an exceedingly showy pot plant. Nice plants, 4-inch pots, 20 cts. each, \$2 per doz.; 3-inch pots, \$8 per 100.

SOLANUMS.

Solanum azureum. Handsome climber, producing large clusters of blue flowers in succession for many weeks. 5-inch pots, \$2 per doz., \$15 per 100.

S. capsicastrum. 5-inch pots, \$2.50 per doz., \$18 per 100.

STIGMAPHYLLON CILIATUM.

A handsome vine; flowers yellow, of large size. \$2 per doz., \$15 per 100.

STREPTOSOLEN JAMESONII.

Five-inch pots, 35 cts. each, \$3.50 per doz.

**SWAINSONIA GALEGIFOLIA.**

The coming florists' plant; bears a profusion of pure white, pea-shaped flowers; fine for cutting; stands shipping. 2-inch pots, \$5 per 100.

TECOMA CAPENSIS.

A greenhouse vine with bright scarlet, trumpet-shaped flowers borne in clusters. 3-inch pots, \$8 per 100.

THUNBERGIA AFFINIS.

A fine blue variety of this excellent climber. Strong plants, in 3-in. pots, \$2 per doz., \$15 per 100.

TORENIA ASIATICA.

A form of the well-known bedding plant; greatly in demand for out-door work, and very useful as a flowering greenhouse plant; bears purple and lavender-colored flowers. 3-inch pots, \$6 per 100.

VERONICAS.

A well-known class of plants, bearing fine flowers in dense spikes. We offer only a few of the best varieties. *Triumph de Mauve*, *Salicifolia*, *Andersonii* and *Speciosa*. 3-inch pots, \$8 per 100.

VINCA MAJOR VARIEGATA.

Strong plants, in 4 and 5-inch pots, \$12 and \$20 per 100.

ORCHIDS.

We offer below only the very best varieties for cut-flower purposes; clean, well-grown stock, and certain to give satisfactory results.

CATTLEYA Mossiæ. A grand summer-flowering Cattleya, with large and showy flowers; well known and very useful. Fine plants, \$1.50 each, \$15 per doz., \$125 per 100.

C. Percivaliana. Flowers smaller and more deeply colored than the preceding, and blooms later; is valuable to keep up succession. Fine plants, \$1.25 each, \$13.50 per doz., \$100 per 100.

C. Skinnerii. A useful species, producing its rosy purple flowers in spring; very showy and handsome. Fine plants, \$1.25 each, \$13.50 per doz., \$100 per 100.

C. triana. The most useful Orchid in cultivation, and should be grown by every florist. We have imported this grand variety in immense quantities, and have an unequalled stock. Fine plants, \$1.50 ea., \$15 per doz., \$125 per 100.

CÆLOGYNE cristata. Flowers fragrant, pure white, except for yellowish lip, in many flowered racemes. Handsome species of easy culture. Fine plants, \$1.25 each, \$12 per doz., \$100 per 100.

CYPRIPEDIUM insigne. The most generally grown Cypripedium, and offered at a price which puts it within reach of every florist; will pay to grow for cut-flowers. Fine plants, 75 cts. each, \$6.50 per doz., \$50 per 100.

C. Harrisianum. A fine species of the easiest culture. The flowers are in various shades of purple, white and green. Fine plants, \$2 each, \$20 per doz., \$150 per 100.

C. Lawrenceanum. A fine and attractive species, with large white dorsal sepal. Fine plants, \$1.25 each, \$12 per doz., \$100 per 100.

LÆLIA albida. Flowers white and pink. Fine plants, \$1.25 each, \$12 per doz., \$100 per 100.

L. anceps. Flowers purple and blush, 4 inches across; blooms in winter. Fine plants, \$1.25 each, \$12 per doz., \$100 per 100.

LYCASTE Skinnerii. Of easy culture, producing many large white, rose and crimson flowers singly on a low scape, in the spring. Nice plants, \$1.50 each, \$15 per doz., \$125 per 100.

ODONTOGLOS-SUM grande.

The Baby Orchid. Flowers very large, in shades of brown and yellow. Attracts much attention at our shows.

Fine plants, \$1.25 each, \$12 per doz., \$90 per 100.

O. Rossii majus. Flowers white and brown; blooms in late winter. Fine plants, \$1 each, \$10 per doz., \$75 per 100.

O. crispum. A beautiful species, producing white and spotted flowers in an arching raceme. Fine plants, \$1.50 ea., \$15 per doz., \$125 per 100.

Hardy Herbaceous Perennials.

This department has become a great specialty with us, devoting, as we do, many acres of land to the culture of Hardy Plants. The demand is steadily increasing for this class of plants, and florists should now arrange for a stock for spring delivery. They are especially useful and profitable for cut-flower purposes and for retail trade, being adapted to every soil, situation and exposure, and once planted increase every year in size and beauty.

ACHILLEA "THE PEARL"

ACHILLEA, "THE PEARL."

The grandest white-flowered hardy plant for summer cutting. By far the best of the double Achilleas. 3-inch pots, 60 cts. per doz., \$5 per 100.

A. tomentosa. Yellow variety, remaining a long time in perfection, and very useful for spring cutting. \$1.25 per doz., \$8 per 100.

ANEMONE.

Anemone Japonica alba. Of the highest utility for cutting, blooming in autumn, when white flowers are scarce. Flowers 3 inches across; white, with yellow center. Strong plants, 3-inch pots, 75 cts. per doz., \$5 per 100.

A. Japonica rosea. Rose-colored, yellow center. Strong plants, 3-inch pots, 75 cts. per doz., \$5 per 100.

A. Japonica elegans. An improved form of the preceding, with semi-double flowers. Strong plants, 3-inch pots, \$1 per doz., \$8 per 100.

A. Whirlwind. A grand new variety for florists. Semi-double; sturdy habit; flowers 2½ to 3 inches in diameter, and much more free-flowering than *A. Japonica alba*. Strong plants, in 3-inch pots, \$1 per doz., \$7 per 100.

AQUILEGIA.

Aquilegia vulgaris alba. A fine, stately plant, with nodding flowers, borne on slender, stiff stems. Invaluable for spring cutting. \$1.25 per doz., \$8 per 100.

A. Fine Mixed Varieties. Especially suited for florists' trade. \$1.25 per doz., \$8 per 100.

COREOPSIS LANCEOLATA.

One of the most useful of hardy-flowering plants for the florist to grow. The flowers are 2 inches across, of the brightest yellow, on long, wiry stems, and are produced in the greatest profusion all through the summer and early autumn. It will grow in any soil, and increase year after year. Strong, field-grown clumps, 75c. per doz., \$5 per 100.

DELPHINIUM SINENSE.

These dwarf Larkspurs should be extensively grown by florists. The blue-flowered varieties are the best of their color for summer cutting. The plants are dwarf, growing only 15 to 18 inches high, and bloom very freely all summer and through early autumn. Strong, field-grown plants.

Light Blue Varieties. 75c. per doz., \$6 per 100.

Dark Blue Varieties. 75c. per doz., \$6 per 100.

White Varieties. \$1 per doz., \$8 per 100.

Mixed Varieties. 75 cts. per doz., \$5 per 100.

DELPHINIUM HYBRIDUM.

□ Tall-growing Larkspurs. Flowers in long spikes, in various shades of blue. Strong field-grown plants, \$1 per doz., \$8 per 100.

ANEMONE
WHIRLWIND.

DORONICUM PLANTAGINEUM EXCELSUM.

One of the finest of spring flowers for the florist. Flowers 3 inches across, daisy-like, bright yellow, on long stems. Strong plants, \$1.25 per doz., \$10 per 100.

FUNKIA.

(Day Lily.)

F. cordata. Pure white, with broad, ovate, pale green leaves. \$1.25 per doz., \$8 per 100. ☐

F. lanceolata albo-marginata. Leaves beautifully variegated and margined with white. \$1.25 per doz., \$8 per 100. ☐

F. undulata variegata. Handsome variegated leaves, with crimped margins; makes a fine border plant. \$1.25 per doz., \$8 per 100.

GAILLARDIA GRANDIFLORA.

The improved varieties of *Gaillardia aristata* should be grown largely by every florist. The flowers are 3 inches across, in varying shades of yellow, with deep crimson center and ring. They will grow in poor, sunny, dry or sandy soil, and bloom most freely from midsummer to frost. The flowers are borne on long stems, and are especially suited for cutting. Strong 1-year-old plants, \$1 per doz., \$8 per 100. ☐

HELIANTHUS.

Helianthus Maximilianus. The latest blooming of our hardy perennials. Flowers of large size, borne in long spikes, of the brightest yellow. Especially useful on account of its late blooming, coming in just before Chrysanthemums. Strong field-grown plants, \$1 per doz., \$7 per 100.

H. mollis grandifloris. A grand perennial Sunflower, originated and disseminated by ourselves. Flowers semi-double, 5 inches across, of the brightest yellow; foliage woolly. Strong plants, \$1 per doz., \$7 per 100.

IRIS GERMANICA.

COREOPSIS LANCEOLATA. (See page 18.)

Helianthus multiflorus plenus. The Double Sunflower. Of great value for cutting, and should be grown extensively by florists. The flowers are large, bright yellow, and as double as a Dahlia. Strong plants, 75 cts. per doz., \$6 per 100.

H. multiflorus grandiplenus. A variety of the preceding, with quilled petals, like a Chrysanthemum. Very free-blooming, and fine for cutting. \$1.25 per doz., \$8 per 100.

H. doronicoides. A large, coarse species, with immense leaves, often a foot long. \$1.25 per doz., \$8 per 100.

H. orgyalis. A grand variety for florists, and one of the best autumn-flowering plants. It is a species of excellent habit, with long, graceful, drooping leaves and medium-sized flowers in long racemes. \$1.50 per doz., 10 per 100.

IRIS GERMANICA.

We have a large and carefully grown stock of German Iris, in distinct and useful colors.

Madame Chereau. White; the best variety for florists' use. \$1 per doz., \$8 per 100.

cristata. Dwarf variety; pale lavender, dashed with yellow, and a good thing for florists. \$1 per doz., \$6 per 100.

Choice Selection of distinct varieties to color. \$1 per dozen, \$8 per 100.

Mixed Varieties. 75 cts. per doz., \$5 per 100.

IRIS KEMPFERI.

We offer a fine mixture of this excellent plant, made up from one of the best collections in the country, and, owing to the enormous quantity of plants on hand at the present time, we will book orders for the next three months at \$1 per doz., \$6 per 100.

HERBACEOUS PÆONIAS

IRIS PSEUDO-ACORUS VARIEGATA.

One of the finest of hardy variegated plants. The tall, sword-shaped leaves are banded longitudinally with pale yellow. It is perfectly hardy, and should be largely grown. The flowers are yellow, as in the type. \$2 per doz., \$15 per 100.

For other varieties of Iris, see page 19.

PHLOX PANICULATA.

We have a choice and extensive collection of the most desirable varieties of these late-blooming hardy plants.

"The Pearl." Pure white, and the most useful Phlox for the florist, as the large, compact panicles of pure white flowers do not easily shatter. \$1 per doz., \$8 per 100.

Choice Collection, to color. \$1 per dozen, \$8 per 100.

Mixed Varieties, our selection. \$5 per 100.

Phlox subulata. (Moss Pink.) Dwarf, with mottled, moss-like foliage, flowering profusely in spring; pink and white varieties, \$1 per doz., \$6 per 100.

amoena. Dwarf creeper, with starry flowers, pink, in early spring. \$1 per doz., \$6 per 100.

Carolina. A very useful Phlox for the florist, with beautiful pinkish-purple flowers, remaining a long time in perfection. \$1.50 per doz., \$8 per 100.

P. glaberrima. A fine plant, with deep rose flowers, borne on slender stems. \$1.50 per doz., \$8 per 100.

PYRETHRUM ULIGINOSUM

The Giant Autumn-blooming Daisy. Grand for tall borders, and unsurpassed for late cutting, coming in, as it does, just before chrysanthemums, when flowers are scarce. Strong plants, \$1 per doz., \$7 per 100.

DOUBLE PYRETHRUMS.

The double-flowered varieties of *Pyrethrum roseum* come in a great variety of colors and of several different forms. They range in color from pure white (and this is one of the florist's best white summer flowers), flesh, pale pink and blush to bright carmine, crimson and purple. They are perfectly hardy, and when established are very free bloomers. Choice, double-flowered varieties only, including white, \$2 per doz., \$15 per 100.

HERBACEOUS PÆONIES.

Our stock of Herbaceous Pæonies is large and very complete, the collection including upwards of 300 distinct varieties. Although their season is short, Pæonies should be extensively grown by florists for cutting in early summer, on account of their large and bright, many-colored flowers—Dark Red, Crimson, Light Rose, Dark Rose, Silvery Pink, Flesh, White, etc. To color, fine strong plants, \$3.50 per doz., \$25 per 100; mixed colors, in variety, our selection, \$2 per doz., \$15 per 100.

YUCCA FILAMENTOSA.

Very useful for planting in the lawn, giving an odd and somewhat tropical effect during the whole season. Pointed leaves covered with terminal hairs; bell-shaped white flowers, on immense spikes. Perfectly hardy, and may well be planted either in clusters of six or more or as single specimens. \$2.50 per doz., \$15 per 100.

PHLOX PANICULATA.

OTHER HARDY PLANTS

USEFUL TO THE FLORIST.

Lack of space prevents our giving full descriptions of the following well-known perennials. Prices on varieties not mentioned, also any information regarding these plants, will be furnished on application. We offer only strong, field-grown plants, true to name in every instance.

	Doz.	100		Doz.	100
Agrostemma coronaria. Erect, branching plant, with silvery foliage; flowers rich carmine . . .	\$1 25	\$8 00	Hibiscus Moscheutos albus. An improved white variety; excellent for tall borders . . .	\$2 00	\$12 00
Ajuga reptans var. A fine bedding plant, with handsome variegated foliage . . .	1 25	8 00	Lepachys pinnata. A splendid plant, bearing large light yellow flowers in profusion . . .	1 25	8 00
Alyssum saxatile compactum. Good for early spring bedding; compact tufts; yellow flowers . .	1 25	8 00	Lychnis viscaria splendens. Fine for beds; about 1 foot high, with deep red flowers . . .	1 25	8 00
Anemone Pennsylvanica. Pure white flowers in great profusion; excellent for cutting or bedding .	75	5 00	L. chalcidonica. Bright scarlet; excellent for cutting . . .	1 25	8 00
A. Hybrids of Various Species	1 00	6 00	Papaver orientale. Tall; bright scarlet flowers, with dark purple spot on the base of each petal . .	75	6 00
Arabis albida. Spring bedding plant, with dense tufts of pure white flowers . . .	1 25	8 00	P. involucratum maximum. Medium height; red flowers, with dark spots at base of petals . .	1 25	8 00
Armeria plantaginea. A very pretty species of the Sea Pink, with bright rose flowers . . .	1 50	10 00	P. nudicaule. One of the best Poppies for cutting; fern-like foliage, and yellow, white and saffron flowers . . .	75	6 00
Artemisia pontica. Silvery leaves; yellow flowers; makes a fine pot plant . . .	75	5 00	Polemonium coeruleum. Useful border plant; early; a good blue, showing yellow stamens . . .	1 25	8 00
Dianthus plumarius plenus. The double garden Pink, with toothed petals; very fragrant . . .	1 25	8 00	P. reptans. Dwarf; fine foliage; blue flowers . . .	1 25	8 00
Campanula persicifolia. Fine for cut-flowers; plant 2 to 3 feet high; flowers blue . . .	1 50	10 00	Primula Sieboldii, in variety. A grand Japanese hardy Primrose, varying from white to deep rose and purple . . .	2 50	15 00
C. persicifolia alba. Similar to above, with white flowers . . .	1 50	10 00	Pentstemon digitalis. Fine ornamental plant; tall spikes of white flowers . . .	1 25	8 00
Clematis Stans. Profuse blooming, hardy perennial, bearing large clusters of fragrant white, hyacinth-like flowers . . .	2 00	15 00	Rudbeckia speciosa. Fine for cutting or massing; flowers with orange-colored rays; black disc .	1 00	6 00
C. paniculata. A handsome white sweet-scented variety. Strong plants in 5-inch pots . . .	3 50	25 00	Sedum Fabarium. A fine plant for rock-work, with soft rosy pink flowers . . .	1 50	10 00
Elymus glaucus. Perennial grass 4 feet high; arching blue leaves . . .	1 75	12 00	S. Maximowiczii. A handsome yellow variety . . .	1 50	10 00
Erysimum pulchellum. Prostrate plant; pale yellow flowers .	1 00	6 00	S. spectabile. Excellent for beds and borders; also makes a fine pot plant; rosy purple, in clusters	1 25	8 00
Eulalia Japonica variegata. A handsome grass; grows 5 to 8 feet high; leaves green, marked with white bands . . .	1 50	10 00	Spiræa palmata. A beautiful species, and valuable for cutting; sweet-scented crimson flowers . .	1 50	10 00
Euphorbia corollata. Flowers white, at the end of the branches; plant with a milky juice . . .	1 25	8 00	S. Aruncus. White flowers, produced in many branching spikes .	2 00	12 00
Euonymus radicans. A fine shrubby foliage plant . . .	75	8 00	Statice latifolia. Fine for low borders; bright blue, in panicles	1 25	8 00
E. radicans variegata. A variety of the preceding, with silvery foliage . . .	75	8 00	Tunica saxifraga. Good for rock-work; flowers pink . . .	1 25	8 00
Gypsophila paniculata. Free growing plant, with small white flowers . . .	1 50	10 00	Veronica rupestris. Fine prostrate species, with blue flowers .	1 00	6 00
Heliopsis Pitcheriana. Our own introduction. A new yellow summer Daisy, perfectly hardy; perpetual bloomer, and flowers of great substance, making it invaluable for cutting . . .	1 25	8 00	V. longifolia subsessilis. A new species, with rich blue flowers, produced on erect spikes . . .	2 00	12 00

TUBEROUS-ROOTED BEGONIA.

BULBS.

BEGONIAS, Tuberous-Rooted.

We have great pleasure in again offering to the trade our unparalleled strain of single and double Tuberous Begonias, which are of excellent quality and still further improved. The flowers stand erect on short-jointed footstalks, and are of large, fine circular form; the habit of the plant is dwarf and sturdy. In these desirable points the strain presents a marked improvement. The most lovely and brilliant shades are present in the wide range of colors, which comprises deepest crimson, bright reds, intense scarlet orange, bright orange, pink, rose, deep rose, salmon, apricot, pale yellow, deep yellow, bluish and white. As **bedding plants** they are indispensable, totally eclipsing the Geranium both in flower and color. With the price now considerably reduced, they come within the reach of all, at the same time allowing the florist and retailers handsome profits.

NEW ASTER "LADY IN WHITE."

(Novelty.)

This new variety is offered this year for the first time, and differs from all other varieties of this extensive family yet introduced, in the peculiarly beautiful form of foliage, the leaves being long, very narrow, and a striking light green in color, a decided improvement upon the stiffness so common to most other classes of Aster. In habit of growth this variety somewhat resembles the Mignon Aster, from which it has been obtained. The semi-globular flowers are borne on very slender stems, a single plant producing not less than 40 buds, and sometimes as many as 70, which open into flower gradually, thus prolonging the flowering period. 50 cts. per trade pkt.

ASTER "LADY IN WHITE."

NEW WHITE BRANCHING ASTER.

Although this is a novelty of last year's introduction, it is one that will recommend itself, and command attention for some years to come. Its remarkable feature, and that which distinguishes it from other varieties, is its peculiar habit of growth and form of flower. The large, handsome, pure white flowers are borne in great profusion on long, stiff stems, the slender, graceful petals spreading thickly in every direction. Indeed, the flowers are often mistaken for Chrysanthemums, and being a very late bloomer, this heightens the illusion. Plants of this excellent novelty are easily raised from seed, one of our packets producing an abundant quantity. 15 cts. per trade pkt.

BALL OR JEWEL ASTERS.

This beautiful class of Asters, which belongs to the short-petaled, pæony-flowered section, seems to have attained great popularity. The flowers are very double, with symmetrically incurving petals, making them almost exactly spherical. **Apple Blossom, Deep Rose, Crimson, Rose and White, Purple Violet.** Each color. 15 cts. per trade pkt. The collection of five colors, one trade packet of each, 75 cts.

NEW WHITE BRANCHING ASTER.

ASTER, QUEEN OF THE MARKET.

An exceedingly useful, long-stemmed, extra-early variety, originally introduced in France. Claimed to be the best and earliest Aster in cultivation, and is unsurpassed for cutting and florists' work. It is already much esteemed in Europe, and is rapidly rising in popular favor in this country. Fine mixed colors, 10 cts. per pkt., 75 cts. per oz.

ASTER MIGNON. (New Varieties.)

We are enabled to offer two new and distinct colors in this class, originated by the most celebrated of German seedsmen. Flowers of three distinct shades of color are borne upon the plant at the same time. The blossoms when they open are pure white. They gradually change to lilac or rose, and the matured flower is pure lilac or rose. Quite distinct and attractive. **White, changing to Lilac. White, changing to rose.** Each, 20 cts. per trade pkt.

PRIZE CHRYSANTHEMUMS.

P. & M.'S PRIZE CHRYSANTHEMUM SEED.

Seedling Chrysanthemums are becoming the fashion of late years, and thousands of new varieties crop up every fall, the majority only to be cut down again by public disapproval. It is remarkable that during the past five years we have originated and disseminated more varieties of merit that have been commended by the horticultural public, and awarded diplomas, certificates, gold medals and cash prizes, than any other firm in the world. This appears a strong statement, but it is true, as is proved by statistics.

From this superb collection we have during the past season, at great expense, saved one of the finest strains of Chrysanthemum Seed, we venture to say, that has ever been offered to the public. Our own sowings have been made from identically the same stocks we offer below, which we have no doubt whatever will produce many prize-winners next year. A packet of seed, costing 50 cents, may produce a new variety worth hundreds of dollars to the grower. During the past fall every mail contained enthusiastic letters from customers, expressing their great satisfaction at the marvelous results from their sowing of our Chrysanthemum Seed, the majority of them being awarded prizes at local exhibitions.

Choicest Strain. Saved from prize varieties and new seedlings. 50 cts. per trade pkt., 5 trade pkts. for \$2.

Splendid Mixed. Saved from select blooms of the leading standard varieties. 25c. per trade pkt., 5 trade pkts. for \$1.

CINERARIA HYBRIDA GRANDIFLORA.

Our strain of this grand florists' flower will be found faultless, both in habit of plant and form of flower, the colors of which are most brilliant and of great variety. The seed we offer was saved from our fine collection of named and choice seedling flowers, some of which were on exhibition at our nurseries during the past spring, and called forth the admiration of all who saw them.

OUR SUPERB CALCEOLARIA.

We have every confidence in offering our choice strain of *Calceolaria hybrida grandiflora* as it is saved from the choicest of collections, which during the past season were awarded first prizes. The flowers, which are beautiful in form and of large size, are tigered, spotted and self-colored. Any one wishing to secure a first-class strain for competition may depend on this.

NEW WHITE MARGUERITE CARNATIONS.

NEW WHITE MARGUERITE CARNATIONS.

Although only of recent introduction, this class of Carnations has become a most important item for every one who requires cut-flowers, and justly so, now that they are well known to yield such a rich profusion of large, sweet-smelling and generally double flowers, from four to five months after the time of sowing. We find that this valuable race will produce self colors fairly true from seed, and now offer a *pure white* flowering variety, of which 75 per cent, accurately represent the type. 10 cts. per trade pkt.

NEW GIANT COLEUS, MONSTROSUS.

Unfortunately, we were unable to have an illustration of this new plant prepared in time for use in this Catalogue, but from the introducer's brief description, a fair idea of it may be had: "Monstrous" is not too strong a word to express the size of this new Coleus. Cultivated in pots, the plants attain a height of **six and one-half feet**, and produce variegated and beautifully formed leaves **one foot wide, and two feet long**. For *striking effect*, we know of nothing better. 50 cents per trade pkt.

NEW DOUBLE-FLOWERING MORNING GLORY.

This being the first double-flowered Morning Glory ever introduced, we have no doubt it will be heartily welcomed as an important addition to this class of plants. It is a rapid grower, and produces its large, handsome flowers freely, about 80 per cent. coming double from seed. The flowers are white, with a bright spot of red or blue at the base of the larger petal. 15 cts. per trade pkt., 2 for 25 cts.

CYCLAMEN PERSICUM GIGANTEUM.

CYCLAMEN PERSICUM GIGANTEUM. We would specially call the attention of florists to our strain of *Cyclamen persicum giganteum*. They are double the size of those generally seen, and for brilliancy of color and lasting substance of the flowers cannot be equalled. We have every confidence in recommending this stock, as is it produced from the celebrated strain of B. S. Williams, England.

DIANTHUS LACINIATUS SALMON QUEEN.

A beautiful acquisition to the annual Pinks, with flowers a most brilliant salmon-color, gradually fading to salmon-rose. It is perfectly distinct from all other varieties, as is proved by the seeds, which are cream-white, while all other annual Pinks have dark-brown or black seeds. The plants attain a height of from 10 to 12 inches, crowned with well-formed, nicely fringed flowers. 25 cts. per trade pkt.

DATURA CORNUCOPIA.

(Horn of Plenty.)

A novelty of great merit, introduced by us two years ago, and catalogued last year and this by all the leading seedsmen. Awarded a gold medal and diploma at the recent Columbian Exposition, and a first-class certificate of merit by the Royal Horticultural Society of London. The plant grows 2 to 3½ feet high, and bears during a single season from 200 to 300 immense Cornucopia-shaped blooms, nearly a foot long and half a foot wide at the mouth, formed by 3 perfect flowers growing each within the other, inside the mouth a delicate cream-white, outside to the base of the flower, a rich, royal purple. Florists having stores will find a great demand for this article, it having been well advertised all over the country. 15 cts. per pkt., \$10 per 100 pkts., \$2 per oz., \$15 per lb.

**DATURA,
DOUBLE YELLOW.**

In habit of plant and form of flower identical with Cornucopia, but in color a rich golden yellow. 15 cts. per trade pkt.

HELIOPSIS PITCHERIANA.

The best of the perennial, yellow, daisy-like flowers for the border or for cutting. The flowers are 3 inches across, bright golden yellow; the leaves are dark green, and the whole plant is very bushy and of robust, free-flowering habit. Will grow in any soil. 10 cents per trade packet,

HELIOTROPE, "QUEEN MARGUERITE."

NEW HELIOTROPE, "QUEEN MARGUERITE."

This is without doubt the most profuse-blooming Heliotrope yet introduced, the plants being covered with immense sweet-scented clusters of deep dark-blue flowers, often 12 to 14 inches in diameter, and of the most delicate and delightful perfume, during almost the entire year. A beautiful novelty, that we feel certain will find favor with all who give it a trial. Suitable for pot or border culture, and invaluable for cutting. 50 cts. per trade pkt.

MIGNONETTE.

MYOSOTIS ALPESTRIS "JEWEL."

(Dwarf Forget-me-not.)

An entirely new variety, being a sport from *Myosotis alpestris Victoria*, but much larger in the flowers. The plants are very strong and compact, forming solid ball-shaped bushes, bearing from 40 to 45 perfect flower-stems. The flower is composed of one double central blossom, encircled by innumerable smaller ones, forming altogether a beautiful-looking cluster, which lasts a long period in bloom. The color is a beautiful sky-blue, brighter than any other variety known. For beds and borders, and especially for bouquet work, this novelty will be found invaluable.

There has also been introduced during the past season a pure white-flowering form of the above. Either color, separate, 15 cts. per trade pkt.

FORGET-ME-NOT "Blue Perfection."

(Myosotis dissitiflora grandiflora.)

A novelty of great merit, being awarded first prizes in Hamburg and Hanover, at recent exhibitions. The pale blue blossoms are remarkably large, and are borne in strong, well-formed umbels, almost covering the compact-growing plant. Blooming early, it is especially valuable for forcing, and an excellent thing for pot-culture and cutting. 25 cts. per trade pkt.,

RICINUS ZANZIBARENSIS ENORMIS.

RICINUS ZANZIBARENSIS ENORMIS.

(NEW CASTOR-OIL PLANT.)

This unique and attractive plant, originated in East Africa, and, disseminated from Europe, attracted universal attention at the recent Industrial Exhibition at Erfurt, Germany, where it was exhibited side by side with the older kinds, and pronounced to be the finest ornamental foliage plant on the grounds. It produces enormously large leaves, brownish purple when in a young state, gradually changing to dark green, with reddish ribs. The seeds themselves are very novel, being the size shown in the accompanying cut, and curiously marbled white and black. 10 cents per trade packet.

NEW DWARF SENSITIVE PLANT, AMALIA.

NEW SENSITIVE PLANT "AMALIA."*Silene pendula nana compacta.*

A regular, compact, semi-globular-formed new variety, 4 to 6 inches high, which during the time of flowering, is densely covered with tender rose-colored flowers in such a number, that hardly the leaves of the plant are to be seen. Admirably suited for spring-gardening, and very useful for beds or borders. 25 cts. per trade pkt.

LARGE-FLOWERING DWARF WINTER STOCK, SUNRISE.

Several years of careful culture have developed this exceedingly valuable novelty. Growing to a height of 8 to 10 inches in an erect, spreading habit, the numerous flower-spikes are thickly studded with large, beautiful blossoms, of a bright rose color with a metallic luster. About 70 per cent. of the flowers come double. Wherever exhibited, this plant has been greatly admired. It has all the elements of lasting popularity. 35 cts. per trade pkt.

DWARF QUEEN TEN-WEEKS' STOCK.

(Dark Blood-Red.)

Not over 9 inches in height, of compact habit and vigorous growth; produces numerous umbels of large, blood-red flowers, which stand out effectively from the leaves. Produces 60 to 65 per cent. of double flowers. 25 cts. per trade pkt.

NEW WINTER STOCK, SUNRISE.

TAGETES PATULA NANA, "LEGION OF HONOR."

TRIUMPH TEN-WEEKS STOCK.

(Brilliant Crimson.)

Of vigorous growth; the plant attains a height of 1 to 1½ feet, is of branching habit, and bears about 70 per cent. of very large, double flowers. 15 cts. per trade pkt.

SWEET WILLIAM "CARTER'S HOLBORN GLORY."

A variety of recent introduction, producing large flowers, with well-defined markings, which have not been seen in any previous Sweet William. The individual flowers often measure 1½ inches across. 30 cts. per trade pkt.

	Trade pkt.	Oz.
Sweet William. Double Mixed	\$0 10	\$0 50
Single	10	50

TAGETES "LEGION OF HONOR."

(New Single French Marigold.)

A pretty little, dwarf-growing, single Marigold of bushy habit, growing only to a height of 5 to 6 inches; invaluable for masses or borders. It produces a great profusion of bloom during the entire season, starting in June from seed sown in the spring. It is a particularly sturdy plant, the flowers lasting a long time in perfection, and withstanding the greatest droughts. The flowers are a rich golden yellow, beautifully marked with a large spot of velvety crimson. 10 cts. per trade pkt.

	Trade pkt.	Oz.

SADDLE-BACK WAX BEAN.

Has long, straight, round, absolutely stringless pods. Each plant bears from 25 to 40 pods, which are full of "meat," there being no space between the beans. This makes the pod full and round, and, owing to its graceful, curving form, it has been named "Saddle-Back." 15 cts. per packet, 2 packets for 25 cts., pt. 30 cts., qt. 60 cts.

NEW STRINGLESS GREEN-POD BEAN.

The fact of the pods being *absolutely stringless*, which cannot be truthfully said of any other green-pod bush variety on the market to-day, will recommend it to every market gardener and lover of good vegetables. It is a dwarf bush Bean, unsurpassed in quality, and is ready for the table 2 weeks

earlier than the earliest of the old varieties. 15 cts. per packet, 2 packets for 25 cts., 40 cts. per pt., 75 cts. per qt.

NEW GIANT RADISH, JEWEL.

RADISH—

NEW GIANT RADISH, JEWEL.

A great improvement on all existing varieties, being of just as good quality, tender and mild, not strong and biting, and is **four times as large as any Radish now cultivated.** Seed may be sown any time. Grows as quickly as any other Radish; and its foliage being small may be sown as closely as the ordinary kinds. The seed we offer is mixed in the following colors: ROSE, RED, WHITE, VIOLET and YELLOW. 25 cts. per trade pkt.

SQUASH—**THE DELICATA. (New.)**

The earliest of vine Squashes, and the most prolific Squash known. In flavor it is not surpassed by any other variety, and ripens as early as any of the summer Squashes, remaining in excellent condition until far into winter. 10 cts. per packet, 3 for 25 cts.

THE FAXON.

The keeping qualities of this new variety are something remarkable, fruits often remaining in good condition in the cellar until early May. Early in maturing, and is one of the best as a summer Squash. 10 cts. per pkt., 3 for 25c.

TOMATO—**NEW EARLY RED TREE TOMATO.**

That which especially recommends this Tomato over similar varieties of its class, is the fact that it has little foliage and few branches, growing upright and sturdy, and producing immense quantities of finely formed Tomatoes of good size, carried well above the ground and close to the stem. The fruit, being entirely exposed, ripens very much earlier than other Tree Tomatoes, whose fault of late ripening has prevented their general use. In quality this variety is unsurpassed. 25 cts. per packet.

THE PONDEROSA.

Of extraordinary size, and in texture and flavor the equal of any Tomato. 40 cts. per oz., \$5 per lb.

SWEET LAVENDER.

SWEET LAVENDER.

(Lavandula vera, Improved.)

Having received so many inquiries from different parts of the country for the True Lavender

Seed, and there being so many spurious articles in use called Lavender, we have been prompted to secure a quantity of an improved strain of True Sweet Lavender, used so much for scenting clothes chests and in the making of perfumery. We find that in many localities some aromatic plant is often mistaken for this valuable article, which leads to disappointing, if not disastrous, consequences, if used for medicinal purposes, as the true Lavender, having many medical qualities, frequently is. 10 cents per trade packet, 3 packets for 25 cents.

NEW WHITE-FLOWERING BEDDING or CARPET THYME.

This charming, new, snow-white variety always comes true from seed, and is especially recommended on account of its adaptability to almost any situation, its low, cushion-like habit of growth making it invaluable for all kinds of carpet bedding, rockeries, and permanent border planting. It stands cutting, and is excellent for planting on steep hills and curves where few other plants thrive well, making a most valuable substitute for grass, as it is unaffected by the greatest drought. When planted 5 to 10 inches apart, the plants will spread and occupy all the space between, making a perfect carpet. The foliage presents a pure, vivid green, much better than the type, and the plant has a powerful and pleasing aroma. 25 cts. per pkt.

PICTORIAL PACKETS of FLOWER and VEGETABLE SEEDS.

At a great expense we have had specially made for us new designs or true colored representations of Flowers and Vegetables, lithographed on large, handsome packets, which owing to their attractive appearance sell readily before any others now on the market.

The seed can be depended upon as being fresh, true to name, and of high vitality, the same as sent to our most critical customers; and while the price at which we offer these goods is exceptionally low, the quantity of seed contained in the packets will be found most liberal, and compare favorably with packets usually retailed at 5 and 10 cts. each.

We will send by mail as samples a collection of our Flower and Vegetable seeds in pictorial packets, in any quantity, consisting of upwards of 75 varieties, at 25 cts. per doz. See enclosed sample bag.

SHORT HILLS LAWN GRASS SEED.

Specially prepared for Florists' Retail Trade.

It is truly surprising the demand our brand of Lawn Grass Seed has made for itself, and the increased quantity disposed of each year by all who have offered it for sale. It can be safely recommended to anyone, as the greatest care is used to select only the very best re-cleaned grasses, free from weed seeds of all kinds, and the formula the same as that sown to produce the famous lawns and bowling greens of England.

Put up in attractive card-board boxes, with full cultural directions, in the following sizes and prices:

Pints, \$8 per 100 (retail for 15 cts. each); quarts, \$12 per 100 (retail for 25 cts. each); two-quarts, \$20 per 100 (retail for 40 cts. each).

Sample boxes free on application. Special price on large quantities.

Bulk in 1/2 and 1 bushel bags, \$3 per bushel.

Fine mixed lawn grass seed, \$2.50 per bushel.

TWO NEW FODDER PLANTS.

SACALINE, THE NEW FORAGE PLANT.

SACALINE.

(*Polygonum Sachalinense.*)

Although this plant has been cultivated for a great many years as an ornamental foliage plant, it was only in 1893 that its important and valuable properties were discovered by an accident which in itself was a great recommendation to the new forage plant. A drought, destroying every other forage plant in France during the season above mentioned, failed to affect this variety. As an experiment, it was given to horses, cattle and sheep, who took to it with great relish.

We have been growing it on our herbaceous farms for several years, where it has proved itself perfectly hardy, thriving luxuriantly on the most barren, rocky soil. It has received great praise from the horticultural and agricultural press all over the world, and in this country it is especially recognized as an invaluable addition to our somewhat limited list of forage plants. Owing to its extremely vigorous growth, sometimes attaining a height of 12 feet by June, it will bear cutting throughout the whole season. $\frac{1}{2}$ oz. packet 40 cts., $\frac{1}{4}$ lb. \$3.

Lathyrus silvestris Wagneri.

(Perennial Pea; invaluable for cutting.)

A wonderful new fodder plant, claimed by the introducer to have been given a thorough trial all over Europe, and found to thrive perfectly in all climates and on the poorest of sandy, stony soils, despite continued aridity. The cuttings of hay from this profitable crop contain 25 per cent. to 31 per cent. proteine (the basis of the vegetable tissue), twice as much as found in the best clover. After being cultivated for three years, the field requires no more care or attention, continuing to give abundant crops for fifty years to come.

Being analyzed by a celebrated chemist of Germany, this valuable plant was found to contain 78.98 per cent. moisture, 21.02 per cent. solid matter. The solid matter contains 22.21 per cent. proteine, 4.93 per cent. fat, 38.38 per cent. starch, 26.50 per cent. woody fibre, 7.46 per cent. ashes.

Everyone requiring fodder for horses or cattle should give this remarkable plant a trial. It comes highly recommended from Europe, and we feel certain will become as popular in this country. $\frac{1}{2}$ oz. packet 40 cts., $\frac{1}{4}$ lb. \$3.

NEW VIOLET, "The— California."

PITCHER & MANDA, Eastern Agents.

"THE CALIFORNIA" has been in course of propagation for three years, and is now offered to the trade as a **tried sterling novelty**. The price has been placed so low that the plants can be bought in large quantities to supply the cut-flower trade. "THE CALIFORNIA" will undoubtedly be the leading Violet next season. Last year a few thousand flowers were offered in San Francisco, and they sold for ten times the price of Marie Louise and Russian. This season tens of thousands of "THE CALIFORNIA" have been placed on the market, and are being sold at four times the price of the above varieties.

DESCRIPTION.

Plant vigorous and absolutely free from disease; flowers single, immense in size, covering a silver dollar; color violet-purple (does not fade); fragrance intense; flowers borne on strong stems 10 to 14 inches in length. Last season several hundred flowers were picked from a single plant. Delivery of plants will begin in March, 1895.

PRICE.

As the eastern agents for this **NEW VIOLET**, we are enabled to offer the plants at the same price as charged by the introducer in California. We quote for quantities less than 100, 15 cts. each, \$10 per 100, \$70 per 1,000; 500 at 1,000 rate. Orders filled strictly in rotation.

We have investigated at a considerable expense all that has been said regarding its merits, and believe the above to be true in every particular. One local authority states: "The New Violet is magnificent; some stems are 16 inches long, the flowers very large."

PITCHER & MANDA (Inc.),
